Excellence in Construction & Architecture

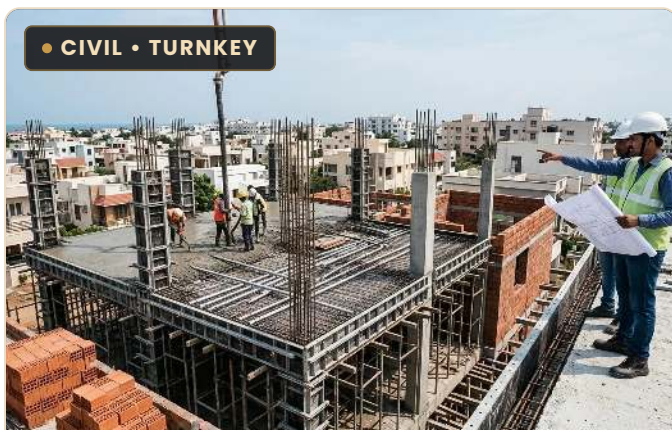

Dreamsmine Designers India Pvt Ltd transforms architectural visions into enduring landmark realities through integrated planning, civil engineering, and turnkey construction. Based in Chennai, our multidisciplinary team brings over 15 years of industry leadership and 150+ successfully handed over projects across Tamil Nadu.

Under the guidance of our **Senior Engineering Directorate**, we specialize in bespoke residential villas, commercial structures, structural retrofitting, and DTCP/CMDA sanction approvals. Every project is governed by a rigorous 70-point quality checklist and 100% Vastu compliance principles.

COMPREHENSIVE CAPABILITIES

Our Core Engineering & Architectural Services

TURNKEY EXECUTION

Turnkey Construction

END-TO-END CIVIL

Complete structural execution from foundation footings and RCC framing to brickwork, slab casting, and premium external finishes with disciplined milestone supervision.

RCC Framing

Individual Villas

Commercial Plazas

Renovation & Remodeling

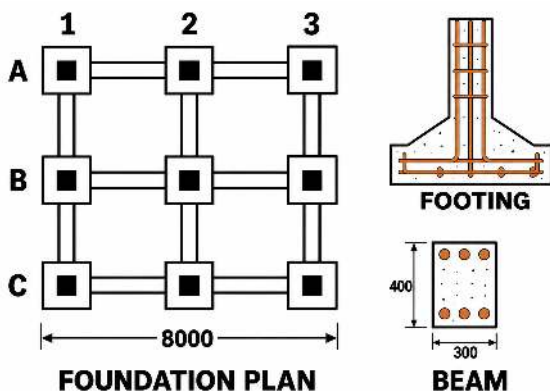

STRUCTURAL RETROFIT

Expert structural remodeling, floor extensions, exterior stone cladding, and facade revitalization that transforms legacy structures into contemporary landmarks.

Facade Upgrades

Floor Extensions

Structural Retrofit

Structural Design

RCC DETAILING

Structural planning and reinforced concrete detailing, including foundation layouts, column grids, beam sections and reinforcement schedules for coordinated construction.

Foundation Plans

Beam & Column Design

Rebar Detailing

Architectural Drawings CAD • BIM • APPROVALS

Comprehensive 2D dimensioned floor plans, 3D photorealistic elevations, structural calculations, and statutory CMDA / DTCP sanction blueprints for seamless execution.

CMDA / DTCP Plans

3D Elevation BIM

Structural Blueprints

Electrical, 2D & 3D Plans

Integrated 3D cutaway spatial visualization, dimensioned 2D working floor plans, and electrical conduit schematics.

01 / 3D Spatial Visualization

AI ARCHITECTURAL CUTAWAY

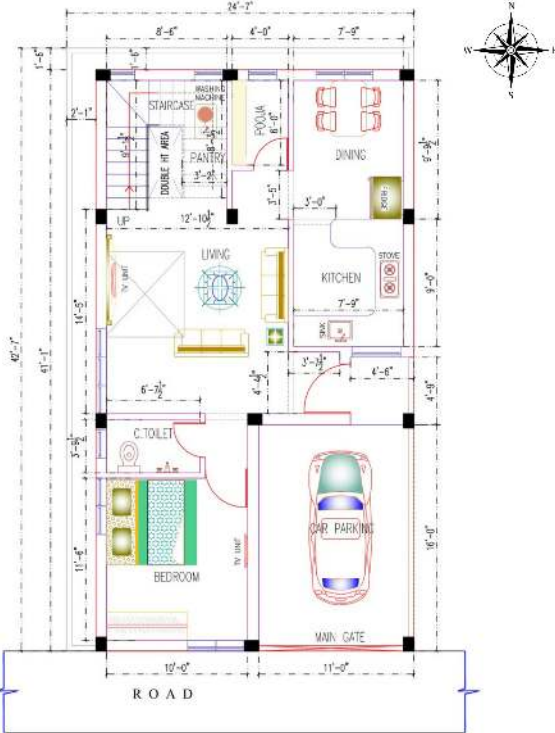

Spatial Cutaway View: Open-concept living hall, modular kitchen island, master suite & covered garage shown in true spatial scale.

3D Spatial Perspective

02 / 2D Architectural Plan

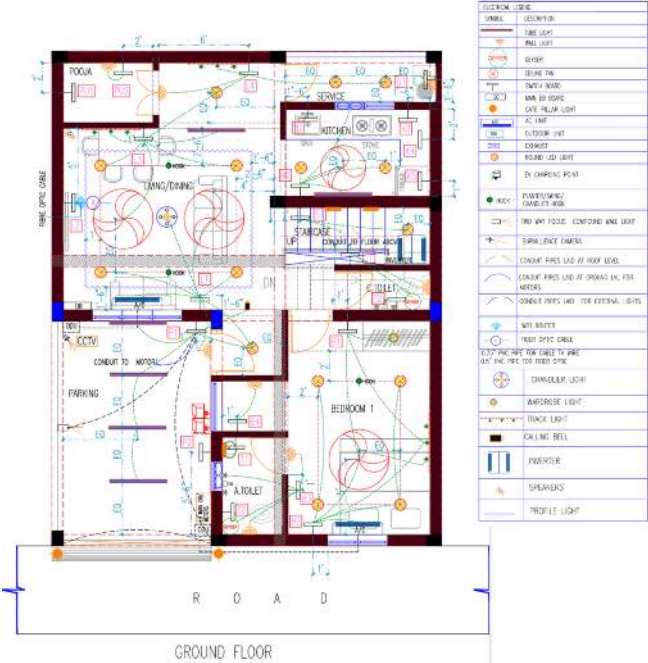

WORKING BLUEPRINT

Detailed room dimensions, structural setbacks, staircase placement and vaastu orientation.

03 / Electrical Engineering

SERVICES & LEGEND

Circuit routing, conduit paths, light/switch placements and technical symbol legend.

3D Spatial Flow

True-to-scale perspective of room heights, finishes and interior circulation.

2D Space Planning

Exact room dimensions, structural setbacks and cross-ventilation corridors.

Electrical Services

Ergonomic switchboard heights, dedicated phase circuits and DB load balancing.

3D Elevation Design

Explore the exterior character, proportions and material palette before construction.

Three-Floor Residential Elevation

01 / DAY VIEW

Bespoke Luxury Villa Elevation

02 / TWILIGHT & FACADE VIEW
